**Board of Health Discusses New Regulations and Deals With Various Petitions.**

Dr. C. B. Cooper, president; Attorney General Andrews, Dr. W. H. Mays, E. C. Winston and Fred. C. Smith formed a quorum of the Board of Health yesterday afternoon. Dr. J. S. B. Pratt, chief health officer; C. Charlock, secretary; J. D. McVeigh, superintendent of Settlement, and Miss Mae Weir, stenographer, were in attendance.

### ASYLUM SUPERINTENDENT.

Dr. H. C. Sloggett was the unanimous choice of the Board for medical superintendent of the Insane Asylum. Other applicants before the meeting were Dr. C. F. Peterson and Dr. E. S. Goodhue. Dr. Sloggett sent his application from Shanghai, whither he went from Honolulu last year to take the medical inspectorship of the Oriental Insurance Co. For a year before leaving he was president of the Board of Health.

Dr. Mays has been in temporary charge of the Asylum for some weeks. Dr. Sloggett will be notified of his appointment by cable.

### NEW ASYLUM SITE.

President Cooper discussed the question of a site for the new Insane Asylum, saying it should be decided as soon as possible. There were fine public lands for the purpose in Palolo valley, upon which taro was growing under lease soon to expire. All the taro needed for the institution could be raised there, also potatoes and vegetables, and the work of cultivation would be beneficial exercise for the milder cases of inmates. Dairying might also be conducted. Water was in supply enough to give power for generating electricity. There was another site under consideration down the railway near Waiwala, which was also good agricultural land and a desirable location. Governor Dole and Superintendent Cooper seemed to favor the Palolo valley lands. While the decision did not rest in the Board, no doubt its suggestions would be welcome to the Government. He asked the members to think over the matter.

### VARIOUS APPOINTMENTS.

Dr. E. S. Goodhue tendered his resignation as Government physician for Lihue and Koloa, to take effect December 31.

Dr. C. R. McLean applied for the position thus to be vacated, having the backing of McBryde Sugar Co. which has engaged him as plantation physician.

The Lihue people wanted their plantation doctor appointed, but the Board decided it was better to have Dr. McLean as residing in a central location. Harry Kanakahi was appointed clerk in the Health office at \$50 a month. Sol. Paawela was appointed assistant fish inspector at the public market.

Dr. James R. Judd was recommended for a license to practice medicine on a favorable report of the board of medical examiners.

Dr. J. T. McDonald, bacteriologist, was granted leave of absence for five weeks from October 5, with full salary.

### PARDON OPPOSED.

Governor Dole, by Private Secretary Hawes, referred to the Board a petition of a Chinese named Akiona at the Settlement, praying that he be pardoned out of jail, where he was working out a fine of \$100 for making swipes.

After some discussion, in which it was shown that another offender pardoned recently took to the illicit manufacture again right away, it was voted to request the Governor not to grant the petition.

### OTHER PETITIONS.

Thomas K. Nahaniel, resident magistrate at the Settlement, petitioned for permission to bring pork and fresh and dried fish over the pali.

Mr. McVeigh being consulted advised against the granting of the privilege. A permit of the same kind formerly in force caused the formation of a smuggling ring. Judge Nahaniel wanted too much. Let him bring his fish into the place in steamers, so that they might be inspected at the landing.

The petition was denied.

John Kilauna sent a petition from Kalaupapa, saying he was helpless and asking that his wife be permitted to join him there as a kokua.

Mr. McVeigh stated that the petitioner was a well behaved and industrious man, but far advanced in the disease as represented. He recommended that the petition be granted, which was done.

### REGULATIONS CONSIDERED.

Various regulations prepared by the Attorney General on reference to him were submitted.

A regulation prohibiting the manufacture of swipes at the Settlement was adopted.

Another regulation fixed the fee for disinterment certificates at \$2.50 and was adopted. A set of regulations drafted by Dr. Pratt for exclusive operation at Lihue was reported back by the Attorney General. One was to have wire netting over fish stands. Another provided that all fish unsold at 6 p. m. may, after passing inspection, be placed in cold storage or be salted. It was proposed to prohibit the keeping of swine within one mile of the postoffice. There was but little comment on the foregoing. It was deferred with a regulation to require all buildings within 100 feet of the beach to be drained by sewer pipes into the ocean.

Dr. Cooper and other members were in favor of proceeding with caution, and the president was authorized to write to Dr. Molony and Agent Vestesen before adopting the regulations.

### REPORTS.

E. G. Keen, inspector of plumbing and house sewers, reported the following detail of work for the first half of October: Number of plans received and permits issued for same, 23; final certificates issued, 25; building plans received, 5, of which 4 were approved, one being irregular; inspections of plumbing and house sewers made, 76; sewer connections made, 8; inspections of new and old building sites made, 18. Dr. L. E. Cofer, chief quarantine officer, sent two letters reporting the health conditions in the Orient, the latest showing as follows:

Hongkong, two weeks to October 3—Cholera cases, 1; deaths, 1; plague cases, 4; deaths, 4.  
Shanghai, two weeks to October 3—Cholera cases, 0; deaths, 23.  
Nagasaki, two weeks to October 3—Clean.  
Yokohama, two weeks to October 3—Plague cases, 3; deaths, 2.  
Kobe, two weeks to October 11—Cholera cases, 2; deaths, 1.

### Nearly a Political Tragedy.

What might have been a serious local disturbance, with a sorrowful ending, was averted this morning by the prompt action of one of our prominent citizens.

About 10 a. m. a handful of politicians were standing near the corner of King and Fort streets, discussing the merits of their several candidates, painting their virtues in glowing colors, until one of their number took offense at a supposed insinuation relative to a family skeleton. The discussion waxed very warm, several blows were exchanged, and the argument gave promise of being a lively one, until a bystander proposed that the subject under discussion be submitted to arbitration, and be peaceably settled, the warlike aspirants for political laurels agreed, and Bath the Plumber was called, and decided that the Douglas Patent Closet was the best on earth.

**NO OPIUM IN CHAMBERLAIN'S COUGH REMEDY.**—Many cough cures contain opium. The effect of this drug is to diminish secretion of the mucous, and the relief afforded is only temporary. As soon as the effect of the opium passes off, the malady returns in a more severe form. The system is also weakened and rendered more susceptible to cold. Chamberlain's Cough Remedy does not contain opium in any form. It affords relief and leaves the system in a healthy condition. It always cures and cures quickly. Benson, Smith & Co., wholesale agents, sell it.

## Moving to Our New Store

The world moves perpetually and men and institutions must keep pace with it to attain success. This thought has been constantly before us in building our commodious new store in Alaheia street, which will be formally opened about November 15.

Everything that skill, experience and enterprise could accomplish has been done to make this Honolulu's leading store and we will soon invite the general public to inspect the new building with its display of elegant merchandise.

In the meantime, at our temporary quarters, corner of Fort and Queen streets, we are holding a

## A BRONZE TABLET OF FAME FOR OAHU COLLEGE STUDENTS

The current Oahuan says:

To the students of Oahu College:—

As an incentive to more earnest and conscientious work among the students for the welfare of Oahu College, the trustees are to place in the Assembly Room of Pauahi Hall, a bronze tablet on which will be enrolled each year, the name of that student, who shall in the opinion of the Faculty of the College, have done most for the best interests of Punahou during the school year. The tablet will be called the "Punahou Honor Roll," and on it there will be a suitable inscription.

In order to show a more personal and individual interest in the students of the College, the trustees take pleasure in offering each year to that student, who shall have earned the right to a place on the honor roll, a silver cup, to be known as the "Trustees' Loving Cup." This cup will be appropriately engraved, and presented on commencement night, when the announcement of the award will be made.

It is the hope and intention of the trustees, that every student in Oahu College shall have an equal chance in winning a place on the honor roll, and with this in view the condition is simply that the award shall be made to that student who shall have done most for the best interests of Punahou. This in itself is intended to preclude any purely selfish interest, and the mere fact of being the highest standing student, the best athlete, the best musician, or the most popular, will not have greatest weight in the decision. Scholarship, athletics, school spirit, music, personal conduct, all have strong influence on a school, but there are other influences, unconscious perhaps and unselfish which are in the power of every student to use and which will be of the greatest benefit in promoting the moral tone, and general reputation of the College. Such influences are more easily understood than defined, and it is left to the student to decide for himself how best he can advance the good of the College.

The difficult task of making the award is left with the Faculty, and the work of the student for the whole year will be the basis of the selection. Honest effort will have preference over natural ability, and the honor of having your name on the highest honor roll of Oahu College is worthy of your best effort.

Yours heartily for Punahou,  
THE TRUSTEES OF OAHU COLLEGE.
